COLBERT-CAMERON MITIGATION BANK

Colbert-Cameron Mitigation Bank (CCMB) is located in Volusia County. CCMB credits are available to offset impacts for projects located in North & East Orange County, Seminole, Volusia, Osceola and Brevard Counties. Its service area includes drainage basins 18, 19, 23, and part of 20, in the St. Johns River Water Management District. CCMB is also permitted to offset RHPZ impacts for select projects (see service area map on back).

PROJECT FEATURES

CCMB is a 2,500 +/- acre site located in the southeastern portion of Volusia County. The property features forested wetlands, prairies, cypress domes and a unique inland Salt Marsh area. Other features include a rookery and the headwaters of Cabbage Slew. There are several active eagle nests located on the property. CCMB is adjacent to a large tract of SJRWMD owned lands and provides an additional buffer between District owned lands and development in the area. For more information; please call: 407.481.0677.
