## STREAM AND WETLAND MITIGATION

### HOGANSVILLE STREAM MITIGATION BANK

Hogansville Stream Mitigation Bank is owned and managed by Mitigation Resource Group of Alpharetta, Georgia. The bank is located in Troup County in the Middle Chattahoochee River Basin. The 200 acre property was approved by the U.S. Corps of Engineers as a commercial stream mitigation bank in January of 2008. This project has resulted in 4,600 linear feet of stream restoration and 9,000 feet of riparian restoration and/or preservation.

Hogansville MB's primary service area is the Middle Chattahoochee, but, it is also capable of serving the Upper Flint, Upper Tallapoosa and parts of the Upper Chattahoochee in its secondary service area.
